Citric

Citric is simplicity defined. Citric expresses the love for simple forms and honest designs. The range marks the entry of Honeywell into the wiring device market in India.

Citric is crisp and clean, with squares and rectangles pairing well with the wall surface. The linear geometry makes it sleek and sophisticated. Citric is just as beautiful on the inside as on the outside. The entire product range integrates seamlessly, allowing the user to create a visually homogeneous and design focused interior.

Citric - Wiring Devices

Recommended Retail Price List No. Citric 15 Effective 01st February, 2017.

- 1 Module Rotation for user convenience
- 2 Horizontal & Vertical Mounting
- 3 Double Rocker to shield Arcs
- 4 Eye soothing 3-dot indicators
- 5 Precision Snaps for perfect engagement
- 6 Multi Ribs for added strength
- 7 Front Loading & Removal for installation ease
- 8 Complete Range Hospitality, Motor Starter, Mini Trip etc.
- 9 Fully RoHS compliant

Extensive choice, versatility and functional elegance are just three benefits of the Elements Collection.

Elements

Elements reinvents the look, feel and function of wiring devices with a fresh perspective as an integral and interactive art form, making it an epitome of exquisite beauty. The range leverages the aesthetics of any space, with timeless materials, textures inspired from fine art and previously unreached levels of attention to detail. While designed with striking looks, the Elements range is also engineered to enhance the user experience. The functional aspects of the products are engineered to surprise the user with charm, intuitiveness and ease of use.

Like everything Honeywell does, it's beautifully simple... and simply beautiful.

Lean & Clean

India's First Anti-Bacterial Flat Switch
Anti-Bacterial technology: 99% Bacteria control
Switches, Sockets & Front Plates

Blenze plus - Antibac

Blenze plus introduces a range of wiring accessories (switches, sockets & front plates), which offer protection against microbial contamination/ infection, using new generation anti-bacterial technology. Hygiene and Infection control is now becoming increasingly important in environments like hospitals, and homes. Anti-microbial coating impregnated with silver ions inhibits microbial growth to improve hygiene. The active ingredients, silver ions, used in Blenze plus products are incorporated during the manufacturing process and are therefore active for the entire life of the product.

Blenze plus - Antibac

Blenze plus

Artfully embellished with a silky satin matte finish, the Blenze plus smart-looking flat modular switch range comes in two colour shades. With the switch housed in slim 6.5mm front plate, the entire unit appears flushed on the wall and blends in with interior décor. To add to its benefits, this range is easy to install, absolutely safe to use, and future proofed forever with a wide range of electronic products. Blenze plus is India's first fully RoHS compliant range.

Wraparound - Wiring Devices

Recommended Retail Price List No. WA 15 Effective 01st February, 2017.

Wraparound

Wraparound, the leader in wiring devices in India, is Honeywell's flagship brand of modular switches. Wraparound has served the needs of millions of customers in India for years. Today, 'Wraparound' has become synonymous with "switches" and "sockets" amongst customers. In short, it is the leader in the market.

Contemporary in shape and available in a variety of colour options, Wraparound is manufactured using superior engineering plastic, making it fire retardant, highly resistant to impact and thereby increasing longevity.

Completely modular in design, Wraparound ensures maximum flexibility in choosing any combination of switches, sockets and accessories to suit specific user requirements.

Warranty Clause

The company undertakes to replace or repair at its discretion products, should they become defective solely as a result of faulty material or workmanship, within 10 years from the date of manufacturing in case of Electro Mechanical wiring devices products, two years from the date of manufacturing in case of mains-related electronic wiring devices products, including LED indicators and one year in the case of surface coated wiring devices products and microprocessor controlled hospitality range of products, from the date of manufacturing.

The warranty will be invalidated, if the product has not been installed or maintained in accordance to the company's instructions, or if any attempt has been made to rectify, dismantle or alter the product, or if the original accessories of the company have not been used. The warranty states the company's entire liability. It does not extend to cover consequential losses or damage or installation costs arising from the defective product.

In the interest of continuous improvement, the company reserves the right to modify or change the product design and specifications of their products in future without prior notice. In this event, replacements, if any, will be done with the then prevailing design.

Warranty Clause

The company undertakes to replace or repair at its discretion products should they become defective solely as a result of faulty material or workmanship within 5 years in case of electro mechanical wiring devices products, and 1 year in case of electronic wiring devices products from the date of manufacturing.

The warranty will be invalidated if the product has not been installed or maintained in accordance with the standard installation practices, or if any attempt has been made to rectify, dismantle or alter the product, or if the original accessories of the company have not been used. It is recommended to use IPA solution for surface cleaning. The warranty states the company's entire liability. It does not extend to cover consequential losses or damage or installation costs arising from the defective product.

In the interest of continuous improvement, the company reserves the right to modify or change the product design and specifications of their products in future without prior notice. In the event of replacement if any, it will be done with the then prevailing design.

The prices are subjected to revision without prior notice.

Masterseal Plus

Masterseal Plus has been specifically developed for use in both outdoor and indoor environments, where wiring devices and accessories would be at risk from dust and water.

With a rating of IP66, Masterseal Plus offers total protection against dust, and is protected against high pressure jets of water from any direction.

Aspect

is an innovative range of switches and sockets - unusual in a number of ways, the range is visibly very simple and stylish. Its slim profile and flawless front plate ensures that it always looks extra special. Less visible, but just as important, are the high quality materials they are made from, the functionality, reliability and safety which have made Honeywell electrical products famous.

Circuit Protection Devices

Sentry is a comprehensive range of MCB, RCCB, Isolators and Distribution Boards that meets the electrical distribution and protection requirement for Homes, Offices and Commercial installations. The range complies with the latest IEC/IS standards and is fully RoHS compliant, reinforcing Honeywell's commitment to environmental protection. Sentry MCB is the most power packed MCB in the market. It combines all the solutions for various requirements in one package, which makes it an 'All-in-one' MCB. Sentry distribution boards look aesthetically good on the wall and the pleasant colour matches any kind of decor.

The most power packed Miniature Circuit Breaker in the market

Top ten features

- Mid-Trip position of knob
- Label Holder
- True Contact Indication Flag
- Two Position Din Clip
- Bi-Connect upper & lower terminals
- Flat Locking Shutters
- No dismantling of busbar to remove MCB
- Air Channels
- Line Load Reversibility
- RoHS Compliant

Warranty Clause

The company undertakes to replace or repair at its discretion products, should they become defective solely as a result of faulty material or workmanship. Warranty is valid within 24 months from the date of manufacturing for MCB, RCCB and Isolator. For distribution board and metal enclosures, the warranty shall be

ACCL

Frequent power outages can be difficult and risky

Frequent power outages not only cause damage to the appliances and electrical devices at home, but at times turn out to be dangerous and fatal.

Today, most of the residential and commercial complexes are looking for an efficient backup plan for their power requirements. For uninterrupted power supply, Honeywell now offers Automatic Source Change Over with Current Limiter (ACCL). This fully automatic EB-DG changeover automatically switches the load to Generator supply during the failure of EB supply. It also automatically switches back to EB supply from Generator supply on resumption of power.

Cable Management System

Cable Management System ensures ease of installation, customisation, flexibility, efficiency and safety; all, fundamental to the distribution of power, data and telecom cables. The Cable Management System addresses these needs effectively and provides comprehensive solutions for both Wall and Floor applications. Cable Management enables installations to be planned to suit specific layout requirements.

TECHNICAL SPECIFICATIONS

Standard Conformity	IEC 60947-6-1
No. of Poles	1P+N
Rated current	30A on mains, 1.5-10A on generator
Rated voltage	240V
Rated frequency	50Hz
Transfer time	Supply to DG – 15 seconds, DG to mains – 85 milliseconds
Ambient Temp	-5 to +55°C
Electrical Life	6000 operations
Protection Class	IP20
Mounting Position	Vertical
ROHS Compliance of Range	Compliant
