Wraparound

Wraparound, the leader in wiring devices in India, is Honeywell's flagship brand of modular switches. Wraparound has served the needs of millions of customers in India for years. Today, "Wraparound" has become synonymous with "switches" and "sockets" amongst customers. In short, it is the leader in the market.

Contemporary in shape and available in a variety of colour options, Wraparound is manufactured using superior engineering plastic, making it fire retardant, highly resistant to impact and thereby increasing longevity.

Completely modular in design, Wraparound ensures maximum flexibility in choosing any combination of switches, sockets and accessories to suit specific user requirements.

Warranty Clause

The company undertakes to replace or repair at its discretion products, should they become defective solely as a result of faulty material or workmanship, within 10 years from the date of manufacturing in case of Electro Mechanical wiring devices products, two years from the date of manufacturing in case of mains-related electronic wiring devices products, including LED indicators and one year in the case of surface coated wiring devices products and microprocessor controlled hospitality range of products, from the date of manufacturing. The warranty will be invalidated, if the product has not been installed or maintained in accordance to the company's instructions, or if any attempt has been made to modify, dismantle or alter the product, or if the original accessories of the company have not been used. The warranty does not extend to cover consequential losses or damage or installation costs arising from the defective product.

In the interest of continuous improvement, the company reserves the right to modify or change the product design and specifications of their products in future without prior notice. In this event, replacements, if any, will be done with the then prevailing design.
